

BRATT PANS GAS

A new heavy-duty modular cooking line. High productivity, new pleasing design, robustness, reliability and perceivable quality all around: a combination of all what has traditionally distinguished our equipment around the world. Attractive new design with clean-cut lines full of character. New die-pressed cabinet doors with radial corners and ergonomic die-cast handles. New user-friendly ergonomic controls.

RELIABILITY

Equipment meets the highest and most exacting standards in terms of efficiency, energy saving and reliability.

SAFETY

New G9001 safeguard the operator.

HYGIENE

Deep drawn tops, pressed from a single piece of stainless steel. an exclusive jointing system ensures a tight hair-line seal. ipx5 water protection, for ease of cleaning.

ERGONOMICS

Thanks to thorough research, all details of the new G9001 meet the most rigorous criteria in ergonomics. Minimal height of the flues risers allows better manoeuvrability across the working surfaces, door handles and control knobs designed for easy and secure manipulation.
